

Writing Centre

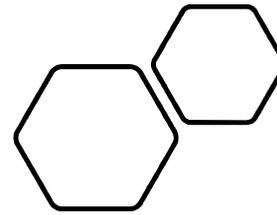

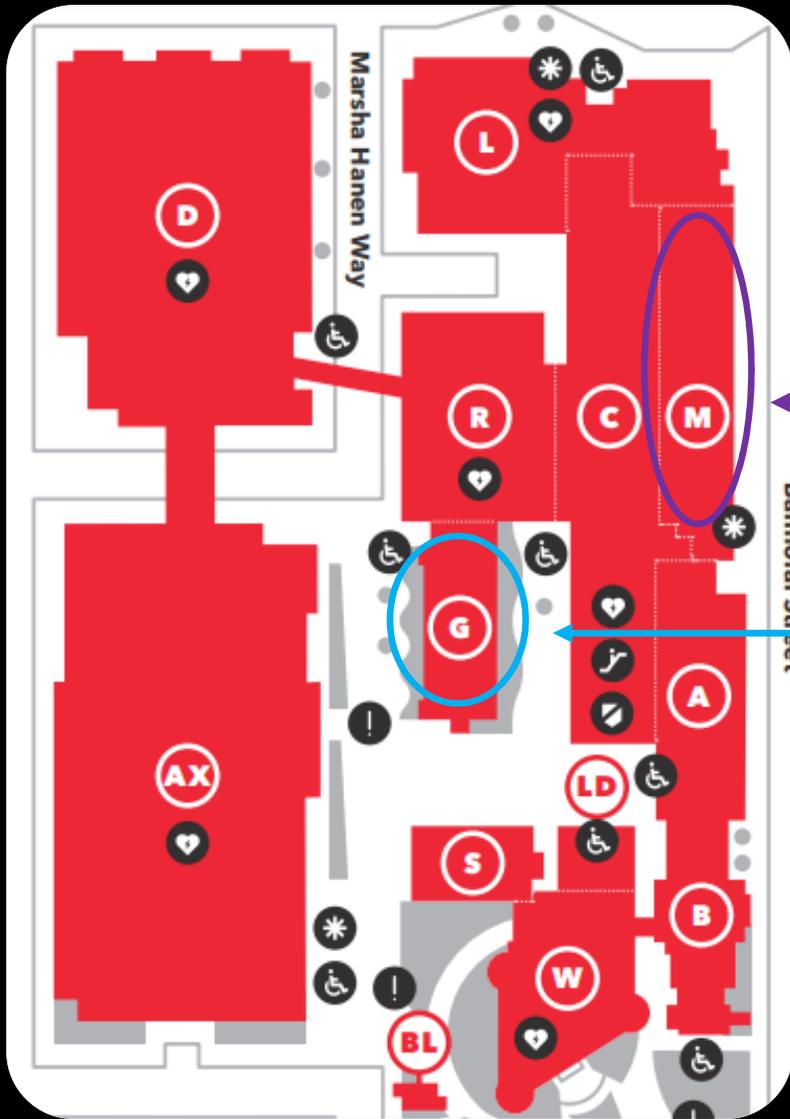

at The University of Winnipeg

Students from all departments are welcome to come to the Writing Centre!

A great thing about the services at the Writing Centre is that they are...

FREE !

You are here!

We are located
in 3G10.

What do we do?

The goals of the Writing Centre are to:

- facilitate the process that leads a student to be a better writer,
- help students become better at identifying problem spots in their own writing,
- create a customized session for each student, focusing on writing concerns such as organization, argument development, supporting claims, specifics of working within an academic genre, audience awareness, and developing critical thinking,
- help students become better editors of their own work, and
- help students gain confidence in their writing ability.

What we don't do

We do not proofread or edit students' papers.

Instead, we will work with students to help them learn about writing, discover areas in which writing can improve, and learn about how to resolve issues in their writing.

We do not promise a good grade.

We are not the graders of papers.

In person and Zoom video- conference consultations

The Writing Centre is offering in person and [Online Writing Tutoring](#) through Zoom video-conference consultations.
